**Drawing Scale**

1 Block =

### Getting a Quote

- 1 Draw a sketch of your deck showing the outside dimensions of the framing. You can use the Grid Sheet Provided above or supply your own. House plans are also acceptable as long as the dimensions are provided or there is an accurate scale. Be sure to list and measure any columns or obstructions. **BE SURE TO DESIGNATE A SCALE.**
- 2 List the direction the decking needs to run. (Typically parallel to the house for DryDeck decking).
- 3 For stairs, please list the rise and run of the steps and the total number of steps.
- 4 Circle or list the color of decking materials required.
- 5 Include a shipping address and contact information.
- 6 You can fax, email or mail the information to us, all listed below.
- 7 We try to return all quotes within 48 hours. You may want to call us or email to verify we have received your information.

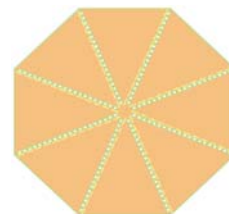

### Placing an Order

- 1 We will need a signed copy of the quote and a check in advance or a credit card (VISA, Mastercard, Discover or American Express) to process your order. Please contact us for details. You can fax, email, or mail the quote to us. We will not begin to manufacture your product until you have approved the quote.
- 2 Once all materials are manufactured and are ready to ship, we will bill your credit card one day in advance of shipment and will call to give you a tracking number. The freight company can contact you 24 hours before delivery if you want to know when it will be delivered.
- 3 If you need technical or installation help, please call or email us.
